## DETAILED ACTION

### *Claim Rejections - 35 USC § 112*

1. Claims 13-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 13, the first proviso is confused with third proviso because the third proviso requires at least one of  $X^1$ ,  $X^2$  and  $X^3$  is  $CF_3$ , F and/or Cl. Claims 14-20 are rejected because they are dependent claims.

### *Claim Rejections - 35 USC § 102*

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1 and 3-6 are rejected under 35 U.S.C. 102(b) as being anticipated by Woudenberg (US 6,548,710).

The reference compound having the cyclopenta[a]naphthalene core (formula V) with sub-formula (i) anticipates the claimed compound, wherein  $n=0$ , R =methyl,  $E^{1-2}$ =hydrogen,  $X^{1a,1b,2,3}$ =hydrogen. See the reference compound on col. 10.

#### *Allowable Subject Matter*

4. Claims 2, 7-9 and 11-12 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

#### *Response to Arguments*

5. Applicant's arguments, see remarks, filed 3/10/08, with respect to the rejections in the previous Office action have been fully considered and are persuasive in light of the newly amended claim 1. Therefore, the rejections have been withdrawn. However, upon further consideration, new grounds of rejection are made in the sections 1 and 3 above.

#### *Conclusion*

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after

Art Unit: 1795

the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
